

RM of Springfield councillors Mark Miller and Andy Kuczynski speak at a press conference in September. The pair are asking the province to investigate a silica mine proposal. PHOTO BY DAVE BAXTER/LOCAL JOURNALISM INITIATIVE /Winnipeg Sun

SPRINGFIELD FORUM

Thurs, Sept 12 6:30pm

Dugald Community Club
All Welcome / Free to Attend

- ✓ Plan 20-50
- ✓ Is Sio Silica Back? and more...

Guest Speakers on Key Issues! Share Your Concerns!
 Another public engagement brought to you by Councillors Andy Kuczynski & Mark Miller

Thank you for coming out this evening!!

FORUM OVERVIEW

We value your participation and input. This event is aimed at sharing information and hearing your concerns. It is an open event, not restricted in participation and not organized as a rally but aimed at encouraging input from local Springfield citizens. This is the 3rd public Forum hosted by Andy and Mark. The last two at Cooks Creek CC and in Oakbank (United Church). Our goal is to offer more public forums to hear concerns to help guide us and raise awareness of local issues throughout 2025 & 2026. We don't believe in closed democracy whereby politicians or elected reps shut out or exclude the public between elections as too much can happen and their actions are sometimes different from what they committed during an election campaign. Voting records and actions by all individual council members will be the litmus test to upholding the public trust. Next election is October 2026.
