

2026 – 2030 CAMPAIGN COMMITMENTS & PRIORITIES

- ✓ **Listening to You First!** My opinion is second to yours. Your voice should be heard between elections. I will aim to restore public Question Period at Council and host public awareness sessions to share information and hear your concerns throughout my term, like I did these past 4 years.
- ✓ **Fight Silica's 2nd Attempt.** Our water is too precious to risk drilling with their theoretical lab-based experiments into our aquifer. You have my word!
- ✓ **Transparent Government.** Open the RM doors & books to share information more publicly. No hidden agendas; I will call out corruption and waste.
- ✓ **Protect Springfield's Rural Character** – Rural life means restricted development in rural areas. Oakbank, Dugald and Anola can thrive with new/properly planned development without taxing everyone unfairly.
- ✓ **Encourage Responsible Business Development.** Let's be business friendly.
- ✓ **Foster Responsible Spending.** I will aim to stretch our tax dollars and find efficiencies. Better ensure RM spending is competitive, transparent & wise.
- ✓ **Priority on Cutting Waste & Taxes.** Once again, I will not accept any salary increase personally and will aim to be the "cheapest" councillor (claiming the least expenses). I will identify, fight and vote against wasteful spending.
- ✓ **Promote Local Services, Amenities and Destinations** like Cooks Creek and Hazelridge Community Centres, Cooks Creek Heritage Museum, multiple churches, library, equestrian community and the Springfield Ag. Society.
- ✓ **Aim to Restore the Hillside Dump branch/brush Collection Program.**
- ✓ **Improving Road Dust Control and Land Drainage.** We can do better in addressing and mitigating road dust, flooding and related issues.
